**Join Calgary's Dark Side Racing July 15-17 at Edmonton's Castrol Raceway for the IHRA Rocky Mountain Nationals.** The IHRA Mopar Rocky Mountain Nationals is one of Canada's biggest and most exciting drag racing events and has been a staple in the Edmonton area since 2003. **This year, fans will be treated to an epic Top Fuel car showdown between Canadian driver and Dark Side Racing team owner, David Fedorowich and American driver and team owner, Bruce Litton.**

**July 14 Pre-Event Media Mixer, 4pm-7pm Castrol Raceway** Dark Side Racing is attending the Pre-Event Media Mixer being hosted on location at Castrol Raceway July 14 and will perform a Fire Up for the guests at 5pm. This is an opportunity to get up close and personal with our 10,000 horse power Top Fuel Dragster and meet the Dark Side Racing Team and other IHRA Professional Drag Racers and Teams. Dark Side Racing is available for interviews throughout the weekend, July 14-17. For media inquiries or interview requests, please contact Kelly Fedorowich 403-547-6691 or [kelly@darksideracing.ca](mailto:kelly@darksideracing.ca)

### **Dark Side Racing**

Dark Side Racing is Western Canada's only Top Fuel representative; we are Calgary based, community focused and family owned and operated by David, Kelly and Nikolas Fedorowich.

*\*A Top Fuel Dragster is not just a race car, it's a full out sensory experience. Powered by Nitro Methane, Top Fuel Dragsters are the fastest sanctioned category of drag racers. Capable of travelling the ¼ mile with speeds that exceed 300 mph (that's almost 500 km!) in less than 5 seconds, our Top Fuel Dragster leaves the starting line with a force nearly 5 times that of gravity. That's double the G- force of the Space Shuttle when it leaves the launching pad at Cape Canaveral!!*

Dark Side Racing believes in giving back to the community and we utilize our high profile Top Fuel Racing operation as a platform to promote **Prostate Cancer Awareness**. We have a close relationship with Prostate Cancer Canada, Canada's leading national foundation dedicated to the elimination of the disease through research, advocacy, education, support and awareness.
